PROFESSIONAL SUMMARY

Java Full Stack Developer with 2+ years of experience developing and enhancing enterprise applications using **Java, Spring Boot, REST APIs, Angular,** and **SQL**. Skilled in **backend service development, frontend integration,** database operations, **unit testing,** and application troubleshooting. Experienced with **Spring Data JPA, Hibernate,** and **Agile delivery,** with exposure to **microservices architecture, Apache Kafka,** and **AWS Cloud** environments. Focused on delivering reliable, maintainable solutions for **enterprise banking applications**.

SKILLS SUMMARY

Languages & Core:	Java 8/17, JavaScript, TypeScript, SQL, OOP, Collections, Java Streams
Frameworks:	Spring Boot, Spring MVC, Spring Data JPA, Hibernate, Spring Security, JWT Authentication, RESTful APIs
Frontend Technologies:	Angular, HTML5, CSS3, Reactive Forms
Architecture & Messaging:	Microservices, REST API Integration, Apache Kafka (Project Exposure)
Databases:	MySQL, Oracle Database, SQL Joins, Query Optimization
Cloud & Infrastructure:	AWS Cloud (Foundational Knowledge)
Version Control & CI/CD:	Git, GitLab, GitLab CI/CD, Maven, Docker
APIs & Testing:	Swagger (OpenAPI), JUnit 5, Mockito, Postman, API Testing, Unit Testing, Exception Handling
Engineering Practices:	Agile/Scrum, SDLC, Code Reviews, Debugging, Application Troubleshooting, Jira
Enterprise Technologies:	Oracle JD Edwards EnterpriseOne 9.2, UBE Reports, BI Publisher

PROFESSIONAL EXPERIENCE

Consultant | LTM Limited — September 2024 – September 2026

- Developed and enhanced **Java and Spring Boot REST APIs** for cash-position and account-balance workflows in **Nordea Bank's Liquidity Management System**, implementing business logic, request validation, exception handling, and persistence using **Spring Data JPA and Hibernate**.
- Built **Angular and TypeScript** components for liquidity reporting, integrating REST APIs and implementing reactive forms, data tables, filtering, and error handling.
- Enhanced existing **Spring Boot microservices** and REST integrations for financial data processing, with exposure to **Apache Kafka-based asynchronous messaging**.
- Optimized **SQL queries and JPA data fetching**, reducing report response time from approximately **4 seconds to 2.5 seconds**.
- Developed unit tests using **JUnit and Mockito**, achieving **90%+ test coverage** and reducing production bugs.
- Collaborated with developers, QA testers, and business analysts to clarify requirements, implement assigned enhancements, and resolve defects within **Agile sprints**; tracked tasks and updated progress using **Jira**.
- Managed feature branches, commits, and merge requests using **Git and GitLab**; pushed code changes and monitored **GitLab CI/CD pipelines** to verify successful build and deployment stages.
- Delivered application enhancements, **UBE reports**, and **BI Publisher template customizations** for **Carrier Capstone 2.0** using **Oracle JD Edwards EnterpriseOne 9.2**, addressing reporting requirements, change requests, and production issues.

Graduate Engineer Trainee | LTM Limited — June 2024 – September 2024

- Developed **ThoughtWave,** a Java Full Stack blog management application using **Java, Spring Boot, Angular,** and JPA, implementing REST APIs and CRUD operations for blog content management, and securing endpoints with **Spring Security and JWT token-based authentication**.
- Integrated Angular frontend components with Spring Boot backend services, implemented database persistence, documented and tested REST APIs using **Swagger and Postman,** and debugged application issues.

Java Development Intern | TRUSQUAD Consultancy Private Limited — December 2023 – May 2024

- Developed **Java and Spring Boot REST APIs** for **jobi.ai,** a resume builder and management platform, using **Spring Data JPA, Hibernate,** and **MySQL**.
- Implemented CRUD operations, validation, search, sorting, filtering, and pagination for resume-management workflows.
- Tested API endpoints using **Postman,** debugged backend issues, and supported integration with existing application services.

EDUCATION

Bachelor of Technology (B.Tech) — Electronics and Communication Engineering
Madanapalle Institute of Technology and Science (MITS), Andhra Pradesh, India
2019–2023 | **CGPA: 9.12/10**

ACHIEVEMENTS

- **Best Project Contributor Award** — Recognized for consistently delivering assigned tasks on time, collaborating effectively with cross-functional teams, and contributing to successful project delivery.
